

Dear Linda

It's my pleasure to give an account of the activities and meeting minute attached here with. The meeting of GODHEDs Gorkha was held on the 4th of this month and it came into the following decisions. The four membered team reserved the vehicle to Muchhok VDC, far village from the district headquarters to distribute the 100 set solar/rechargable lamp for the students of Chhurmala HSS, Muchhok. The school lost four teachers on the quake and almost all the households are homeless. The buildings are all collapsed. The students are suffering from extreme torture. So, the students of 12,11,10 and nine class all got the lamp hoping that they can continue their study on the post earthquake situations.

Similarly 200+ hygiene kits have been distributed to each of them

The kits include soap, nail cutter, water purifying drop, first aid kits a small handkerchief and some daily necessary equipments. There was a small program organized near the school premises. It was announced by the secretary Laxman Babu Acharya and was chaired by Mr. Purushottam Aryal. Meanwhile Mr. Badri Maskey introduced hygiene kits and ensured the students and teachers for the better use of them. He also taught them to wash hands properly. At last Miss Sarita Aryal thanked the school and the students for providing the opportunity to support. The head teacher Mr. Buddhi Bahadur BK thanked GODHEDs and everyone for the kind support. He also highlighted the need of nearly 200 more solar lamps to the other students and the local citizens. Since it is close to the epicenter, Barpak, people are still in terror.

Some of the pictures sent by Laxman show the journey and distribution of lamps and hygiene kits
